

## Union Jacks Defeat MacLeod 42-35

T. Geo. Wood, District Manager of Canadian Sugar Products, Ltd., arrived home Tuesday night from a two week business trip in Eastern Canada, including a visit to Montreal, Que. He reports a successful trip but says that two weeks in Eastern Canada, with the air and cold weather is certainly not his idea of a holiday.

S. L. MAY Editor.

### ARE YOU SATISFIED

Are you satisfied with our town? We are not asking this question to throw sand in the gears nor to belittle our town, but there are so many things that need doing in Raymond to make it the kind of town we would all like to live in that we wonder how many of our citizens are satisfied as it is. We need a hospital, and a great deal of public effort will have to be expended to get it. If we don't get a hospital, we are going to be caught in a serious and fatal condition one of these days, that all of us will regret very much. What can we do to further what has already been done in this respect? A few are still working, but two or three

cannot create the demand that is needed to put this over.

We need drainage. When are we going to get it? Is there nothing that can be done to rid us of a part of our surface water while we are getting financially able to get the sewage system we must have?

We see other towns with covered skating rinks and curling rinks, where young and old meet to enjoy the winter evenings in the finest of all sports. Is it out of the question for a town our size to get such an improvement?

Our sidewalks need improving, and replacing, and enlarging, as soon as materials are available. Are we going to make any move to improve this situation?

These are only a few of the many civic questions that confront us. One could go on and name many, many more. Are we too poor? are we too selfish and self-centered to exert ourselves for the benefit of our town and our neighbor? Are we too busy to serve on our public bodies such as Council and School Board and assist in getting some of these things done, or just what is the answer?

For a few weeks, we should like very much to have citizens

contribute articles, airing their views on some of these things and see if, from these expressions a solution may be found, or a context of public opinion gathered that would give a lead in some definite direction. We have wasted considerable ink and a lot of space expressing ourselves on these questions, but we seem to have been streamlining on the wrong key and we should like to hear expressions from others on some of these, or other questions and matters of general interest.

H. Tilston-Jones Jr., editor of the Picture Galle Progress was a visitor in Raymond on Thursday.

A. C. Atwood is a recent enlistment in the Canadian Active Army, and amongst young women who have joined up are Misses Marguerite Wilts and Jean Hunt of Milk River.

Quite a number of our young men left last Saturday morning for Calgary too see about enlisting in the armed forces. Amongst those who left were Bert Hall, Bert Leavitt, Blackie Jameson and two or three others. We have not heard yet just how many joined.

## A LOCAL RATION BOARD HAS NOW BEEN ESTABLISHED

To help you with your ration problems

**AT Mayor's Office**  
City Hall, Lethbridge  
**TELEPHONE: 2284, Lethbridge**

Chairman: Mayor D.H. Elton, K. C.

Deputy Chairman: J.T. Watson Secretary: Frank Steedman  
Members: Mrs. A. S. Fumerton, H. Boyse, G. R. Daniels, J. Torrence, H. B. Snyder, D. M. Holladay, W. R. Madill.

Territory: TOWN OF RAYMOND, City of Lethbridge, and the district commencing at the southeast corner of Township 1, Range 16, thence northerly along the easterly side of the said range line to its intersection with Chin Coulee, thence northwesterly to the intersection of the southern boundary of Township 9 and the easterly boundary of Range 19, thence northerly to its intersection with the Old Man River, then northwesterly to its intersection with the Little Bow River, thence northwesterly following the Little Bow River to its intersection at the northwest corner of Township 13, and the eastern boundary of Range 25, thence south to the correction line on the northerly boundary of Township 10, and the easterly boundary of Range 25, thence south to its intersection with the Old Man River, thence southeasterly along the Old Man River to its intersection with the Belly River, thence southwesterly along the said Belly River to its intersection with the Provincial Highway, thence southerly along the said highway across the Blood Indian Reserve to its intersection with the St. Mary's River in Township 3, Range 25, thence northeasterly along the St. Mary's River to the intersection of Section 14, in Township 5, range 23, thence easterly to the township line between Ranges 22, and 23, thence southerly to the southern boundary of the Province, thence easterly to the point of commencement.

This Board has been established to facilitate the settlement or adjustment of the ration problems of people residing in the district defined above.

The object is to ensure that restrictions made necessary by war are applied with maximum effectiveness, minimum inconvenience and equal fairness to all consumers and suppliers. The basic reason for all rationing is to assure a fair division of available supplies to everyone.

Serving voluntarily on the Board are local citizens representative of the people of this district, and able to bring an intimate knowledge of local conditions to this new wartime task.

At the local Ration Board's offices you can get full information on all aspects of consumer rationing, and prompt adjustment of special problems, such as what to do in the event of loss or damage of your ration book... whether extra rations are allowed for special purposes... and other matters announced from time to time.

Take full advantage of this service  
established for your convenience

Co-operate with your fellow citizens who are giving their time  
to your problems

## BUTTER CONSUMPTION TEMPORARILY REDUCED

It has become necessary to reduce the current rate of consumption of butter, and accordingly changes have been made in the dates on which (brown) spare "C" coupons of the current ration book may be used.

Spare "C" coupons 10 and 11 may not be used for the purchase of butter. Coupons 1 to 4 inclusive, have already expired.

Expiry dates for spare "C" coupons 5 to 8, inclusive, have been extended to aid consumers in stretching out the butter allowance over the period from now until February 28th.

Each coupon will continue to be good for the purchase of one-half pound of butter and will be good only on the dates specified below:

### HERE IS THE NEW SCHEDULE

Coupon Number	Good for purchase beginning on:	Not good for purchase after:
5 and 6	January 18th	February 28th
7 and 8	February 1st	February 28th
9	March 1st	March 14th

The result of this is to reduce each individual's allowance by 2 2/3 ounces per week during the temporary period.

CONSUMERS WILL FIND IT ADVISABLE TO RATION THEMSELVES SO THAT THEY MAY BE ABLE TO STRETCH THE NEW BUTTER ALLOWANCE OVER THE NEXT SIX WEEKS

### REQUIREMENTS OF A SUCCESSFUL PRINTER

"Pop, whadda ya have to know to be a printing foreman? Mom says you don't know much and still make good money."

"Leave your Mom outta this, Junior. A printing foreman's got to be a fine craftsman, an inventor, father to apprentices and a Dutch uncle to two-thirders, an instructor, an analyst of processes, a judge of men, a leader, a walking encyclopedia, a statistician, an executive, a work organizer, an apologist for slow deliveries, a file clerk, a trouble shooter, a pepper-upper and a smooth-downer, a type-metal mixer, an ink doper. He's got to know the difference between six point and nonpareil, and when a space

band flies out of the monotype keyboard and gets wedged under an electro on the offset press, he's got to pull the lever on the grindledrink before the wapakoneta jams the widge, short-circuits the paper-baler and leaves the whole plant in the dark. He worries from Monday morning to Friday night."

"Gee, Pop, don't the owner of the place have to know anything?"

Profits are shaved when income taxes are filed.

At the 2nd Ward Sacrament meeting Sunday evening, speakers were Mr. and Mrs. J. W. Evans. Special musical numbers were a Male Quartette "School Thy Feelings" by Mose Fromm and Co., and duett by Mesdames L. D. King and J. H. Walker. Due to the 40 below zero weath

**What to Grow in 1943**  
 As a result of the Dominion Provincial conference held in Ottawa last December, it is recommended that wheat plantings be reduced by nearly 4 million acres, and rye by almost 1 1/2 million acres. Increased summerfallow is not suggested, but we are advised to use the land taken out of wheat to increase the acreage of other crops as follows: oats, over 1 1/2 million; barley, 74 million; hay and clover, 34 million; alfalfa, 14 million.

The above adjustments are chiefly the concern of the prairie provinces because we sow about 95 per cent of Canada's wheat acreage. Indeed, we can go further and say that the change will be concentrated in Saskatchewan and Alberta, because Manitoba planted less than two million acres of wheat in 1942. To the individual farmer the desired changes mean that, on the average, for every 100 acres of wheat he grew in 1942, he should grow only 82 in 1943. Obviously, these changes must be considered in relation to district and to the possibility of increasing various classes of livestock. Generally speaking, on the open prairies, it will be difficult to reduce wheat acreages by 18 per cent. As a result of the announcement that the flax acreage should not be increased in 1943, it would be wise to forget about flax in the mixed farming areas, and concentrate our production in the plains where coarse grains do not do so well. If the government's wishes are to be realized, wheat acreage reduction must exceed 18 per cent where mixed farming is feasible and profitable. More grasses and/or clovers will be advantageous nearly everywhere.
